

Canyon Tutors ACT Mastery Program

4 Weeks. Real Tutors. Real Results.

Why the ACT Matters

Every point on the ACT matters.

A few points higher can mean **thousands of dollars in scholarships**, admission to better programs, and the confidence that your student is performing at their full potential.

The ACT isn't just about knowledge — it's about **strategy, timing, and focus under pressure**. That's why even strong students often underperform without proper preparation.

Canyon Tutors was created by students who mastered that process. We've been there — we know the traps, the timing, and how to teach it. Our goal is simple: **help your student walk into the ACT confident, prepared, and ready to score high**.

Program Overview

The Canyon Tutors **ACT Mastery Program** is a **4-week, in-person course** designed for maximum impact in a short time frame.

We combine focused teaching, personal coaching, and hands-on practice to build both knowledge and test-day confidence.

What Makes Us Different:

- **Two expert tutors (ACT 34 & 35)** in every class — personalized attention for every student
- **Weekly 1-on-1 calls** to review progress and strengthen weak areas
- **Recorded lectures** so no one misses material
- **Practical instruction** — students learn how the ACT actually works, not just what's on it
- **Affordable pricing** that delivers real results without corporate test-prep costs

Weekly Curriculum

Week	Focus	Key Outcomes
Week 1	ACT Overview + Reading	Learn test format, timing strategies, and reading comprehension tools
Week 2	English	Master grammar, punctuation, and rhetorical skills for the English section
Week 3	Math	Review key formulas, strengthen problem-solving, and learn how to manage timing
Week 4	Science & Review	Practice interpreting charts, graphs, and scientific data + full ACT review

Each week includes **in-class practice tests** (half test in class, half at home), followed by individualized feedback during one-on-one calls.

Meet the Tutors

Cameron — ACT 34

Finance student at UVU with experience in academic coaching and curriculum development. Specializing in English and reading with a focus on teaching test logic, efficiency, and confidence.

Reed — ACT 35

A freshman at BYU and an experienced tutor specializing in math and science sections. Brings structure, clarity, and personalized guidance to each student.

Together, we bring energy, strategy, and care to every student. We know what it takes to perform under pressure, and we make that process approachable.

We're not trying to be a massive prep company. We're local, focused, and genuinely invested in helping Utah students succeed.

Parents and students choose us because **we deliver real strategy, real accountability, and real results — at a price that makes sense.**

Our Mission

We believe every student deserves access to professional ACT preparation — not just those who can afford \$1,000+ courses.

We built this program for students who are serious about improving, and for parents who want to invest in something that actually works.

Canyon Tutors exists to help students achieve their best — in confidence, skill, and opportunity.
